

SMA Male (Plug) to SMA Male (Plug) Adapter, Commercial Grade

FMAD10058

Configuration

- SMA Male Connector 1
- SMA Male Connector 2
- 50 Ohms Impedance
- Straight Body Geometry

Features

- Gold Plated Brass Contact

Applications

- General Purpose Test

Description

SMA male to SMA male adapter part number FMAD10058 from Fairview Microwave is in-stock and ships same day. This Fairview SMA to SMA adapter has a male to male gender configuration. FMAD10058 SMA male to SMA male adapter. The SMA connector mates mechanically with commercially available 3.5mm and 2.92mm (K) connectors.

RF adapters can be used to enable connections between two connector types that would otherwise not mate. Certain RF adapter configurations can also be used to protect connectors on expensive equipment where the number of connect and disconnect cycles is high. An RF, microwave, or millimeter wave adapter is connected to the equipment and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Fairview Microwave also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Electrical Specifications

Description	Minimum	Typical	Maximum	Units
Impedance		50		Ohms

Mechanical Specifications

Size

Length	0.91 in [23.14 mm]
Width	0.32 in [8.13 mm]
