Low Loss SMA Female Bulkhead to RA SMB Plug Cable RG174 Coax in 100 CM

The SMA female bulkhead to RA SMB plug 100 cm cable using RG174 coax, part number FMC00267-100CM, from Fairview Microwave is in-stock and ships same day. This Fairview SMA to SMB cable assembly has a female to plug gender configuration with 50 ohm flexible RG174 coax. Fairview Microwave's flexible RF cable assemblies are ideal for applications where tight bends and continual flexure are required. The FMC00267-100CM SMA female to SMB plug cable assembly operates to 1 GHz. The right angle SMB interface on the RG174 cable allows for easier connections in tight spaces. Our RF cable assembly with SMA bulkhead interface allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other RF cable assembly value added services including connector orientation or clocking, heat shrink booting and labeling are also available. RF testing can also be performed to document the electrical performance of your cable assembly.
