

BNC Female Open Circuit Connector Cap

RF connector dust cap SC2006 from Fairview Microwave is constructed with a BNC connection and has a female gender. This BNC female dust cap is designed as non-shorting and the body is tri-metal plated to ensure its durability. The non-shorting BNC connector cap from Fairview Microwave is in-stock for same day shipment.

RF dust caps are essential for precision connectors to protect them from dust, corrosion and other potential damage especially when using on test and measurement equipment. Some RF connector cap models are designed with a chain to prevent loss or misplacement. Internal shorting connector cap models are available and help to protect equipment from a spike in current commonly caused by ESD (Electro Static Discharge).

Features:

- Protects against dust and contaminants
- Protects against physical damage
- Tri-Metal Plated Body

Applications:

- General Purpose Laboratory Use
- Test and Measurement
