SSMA Female to SSMA Female Adapter

SSMA female to SSMA female adapter part number SM3710 from Fairview Microwave is in-stock and ships same day. This Fairview SSMA to SSMA adapter has a female to female gender configuration. SM3710 SSMA female to SSMA female adapter operates to 25 GHz. The Fairview Microwave RF adapter provides good VSWR of 1.3:1 maximum.

RF adapters can be used to enable connections between two connector types that would otherwise not mate. Certain RF adapter configurations can also be used to protect connectors on expensive equipment where the number of connect and disconnect cycles is high. An RF, microwave, or millimeter wave adapter is connected to the equipment and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Fairview Microwave also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Configuration:
- SSMA Female Connector 1
- SSMA Female Connector 2
- 50 Ohms
- Straight Body Geometry

Features:
- VSWR of 1.3:1 max up to 25 GHz
- SSMA interface meets MIL-STD-348
- Epoxy captivation
- Contact plating according to MIL-G-45204
- Gold Plated Beryllium Copper Contact

Applications:
- General Purpose Test
